

*Military Order of Foreign Wars
Of The United States
Arizona Commandery*

Newsletter October 17, 2019

Companions,

I am pleased to announce the Arizona Commandery has fifteen new members and will be chartered on November 11, 2019. We will continue to accept applications for Charter members till that date. As I have stated before recruitment is a top priority for the Order and all of us need to bring in at least one new member within the next year.

Remember we encourage the membership of Hereditary Members as well as Veterans. Please read “History of the First One Hundred Years” and Article III Companionship. There in defining Veteran Companions, Hereditary Companions as well as Honorary Companionship.

The opportunity to be a Charter member of a new organization does not come along very often. The names of the first Arizona MOFW will go down in History, will be placed upon the Secretary-Generals records as well as The Charter Document. As the first members we will then have the responsibility to elect the leadership of the Order setting in place the momentum for years to come.

I look forward to being a Companion with you and others who will honor and perpetuate the names of brave and loyal officers and keep in mind the memory of their marital deeds and the victories which they helped gain. I am prepared to either answer any and all of your questions or find someone who can.

“Dues et Libertas”

Respectfully

Brad Hopkins
